filed cars, was gaily decorated with a great number of colored lights. The party reached the Beach a little after eight o'clock, where a stop was made for a two-hour's dance at the Princess Anne Hotel, and the pavillion. It is possible that arrangements will be made in the near future for several of these parties to start from the Beach and make the run around the loop, a distance of about thirty-five miles, and the expectation is that the trips will become decidedly popular with the Beach visitors. The arrival of guests at the Princess Anne is rapidly reaching the limit. During the week there were several card parties, besides the usual evening dances, which were all well attended. Manager Elil announces that the weekly hops on Saturday night have become so popular that arrangements have been perfected to make each one a german.
